

wine

CABERNET SAUVIGNON

vintage

2020

varietals

100% Cabernet Sauvignon

tasting notes

Bold and full-bodied, this wine delivers intense dark berry and red currant flavours, wrapped in firm tannins and layered with cedar, tobacco, and earthy undertones. A touch of minerality adds complexity, leading to a long, structured finish. With excellent ageing potential, this wine will continue to evolve beautifully over time.

food pairing

Pairs well with grilled ribeye, braised short ribs, or aged cheddar, bringing out the wine's bold tannins and rich, earthy depth.

growing season & harvest

The 2020 vintage was exceptional in Niagara, with ideal fall weather bringing perfect ripeness, balanced acidity, and rich fruit concentration—especially for late-ripening reds.
